

# Adventure 55

**The Alpine Meadows Adult Seasonal Programs are designed to give the Alpine Meadows "repeat offender" the opportunity to be part of a season-long skill development program, as well as a social opportunity to ski with other locals. Plus, this is a great excuse to have fun and stay active. Our highly qualified coaches work with you all season long. The coaching sessions are one day per week from 9:30-12:00. The program begins January 10th and will continue for ten weeks with President's week off. *Lift tickets are not included.***
